Kirubeal Aschalew Getahun, MD

Baltimore, MD | (612) 298-1674 | kgetahu3@jh.edu | linkedin.com/in/kirubeal-aschalew-getahun | kirubealgetahun.com

EDUCATION

Johns Hopkins University — **Baltimore, MD**

MPH, Bloomberg School of Public Health | MBA, Carey Business School — *May 2028*

- GPA 3.82/4.00; Epi-Biostat concentration; Global Health Economics Certificate (in progress); $80,000 MPH/MBA Merit Scholarship
- Coursework: Health Innovation and Evaluation; Accounting & Financial Reporting; Epidemiology; Biostatistics (R, in progress)

Jimma University Institute of Health — **Jimma, Ethiopia**

Doctor of Medicine (MD), with Distinction — *Sep 2014 – Sep 2021*

- MD thesis (unpublished), Principal Investigator: cross-sectional study of undernutrition in 358 children under five; designed the protocol and survey, managed field data collection, ran multivariable logistic regression in SPSS.

PROFESSIONAL EXPERIENCE

Avinah Health (avinah.health), Medical Partner & Lead, Market Access and Strategy — **Nov 2026 – Present**

- Lead market access, strategy and clinical input for a team-built, AI-supported health platform for African health systems.

Harme Clinic (maternal and child health practice) — **Delo-Sebro, Ethiopia**

Founder, Executive Director and Medical Director / Majority Shareholder (51%) — *Feb 2023 – May 2026*

- Founded and scaled the clinic from 1 to 2 sites and 6 to 17 paid staff; 41,000+ cumulative patient visits.
- Became the referral point for three nearby health centers; negotiated referral, supplier, equipment and employer contracts.
- Implemented the area's first electronic health records (selection, deployment, staff adoption); used visit data to steer investment.
- Owned the P&L and pricing: grew revenue ~40% over first-year levels at a 35 to 40% annual pre-tax margin (2025–2026).

Ginnir General Hospital — **Ginnir, Ethiopia**

General Practitioner / Emergency Operations Coordinator — *Jun 2022 – Jan 2024*

- Raised emergency department compliance with national standards from 31% to 60%, cutting wait times from 10–15 to 6 minutes.
- Led infection-control and quality improvement rollout in 13 departments; coordinated a 22-member Rapid Response Team.
- Coordinated a multi-partner cholera response: 2,200 patients in ~2 months, 0.4% case fatality; briefed regional health officials.

Sine-Hiwot and Burkitu Medium Clinics, General Practitioner — **Oct 2021 – Jun 2022**

- Treated outpatients at an urban (Addis Ababa) and a rural (Hasasa) private clinic, learning staffing, supply and pricing operations.

U.S. CONSULTING AND PROJECTS

BlueHealer Value Analysis Dossier, Carey team project for a Baltimore device startup — **Sep 2026 – Oct 2026**

- Built a 20,000-draw Medicare Monte Carlo model: implant vs. amputation cost-neutral, +0.83 QALYs, +$83,708 NMB/patient.
- Wrote the competitor analysis and clinical description; projected 6-month, 1-year and 5-year earnings for the client pitch.

Carey Pro Bono Consulting Hub, WELI (Society for Pediatric Anesthesia) — **Sep 2026 – Dec 2026**

- Project-manage a five-member team's 10-week market assessment; run the workplan, deliverables and client meetings.
- Designed and fielded the non-member survey; lead the distribution-channel analysis and conduct stakeholder interviews.

GlowMatch (glowwmatch.com), Carey Marketing Management team project — **Sep 2026 – Oct 2026**

- Conducted the competitor and SWOT analyses that shaped the product's positioning; co-launched the beta website.

COMPETITIONS AND CAMPUS LEADERSHIP

- Midwest Healthcare Case Competition 2026, Semifinalist: built the prediction model for an acquisition and product-line case.
- Gilead Pharma Case Competition 2026 (team of four): built the 20,000-run Monte Carlo simulation, hypothesis tree and MECE issue structure behind a payer-weighted AML launch plan.
- Co-organizer, Graduate Business of Health Association (GBHA) conference panel on health financing models (Oct 2026 – Present)
- Carey Business School: Admissions Ambassador; Director of Events Planning, African Business Club (Sep 2026 – Present)
